Author: Martin, Russell

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

3/3/2014 at 17:07 on location. Impact to northeast of flare pit off location. Area adjacent to well pad has been dug up due to recent pipeline installation, and dirt shows staining. Further from well pad is pasture land with recent evidence of cattle; grass is impacted. Fence row further to northeast shows light staining. Phone call to report contact on cleanup operations. According to contact, employee managing cleanup quit the company last Friday. Report contact will call back with update on plans for the site.
